Due: Tuesday, January 2, 2007

After reading through the overview, discuss this project with your parents; then write up your proposal for this project. This is one of the most important aspects of this entire project; if you choose a topic that you are interested in, you will find this to be an enjoyable and rewarding project. The proposal has **two** components; first, the family/ancestry aspect, and second; the historical/cultural aspect. I want you to describe what you will attempt to learn about each one.
