Instructions

- Complete this form to pay the tax. You may include all family adults on one form. If your household income is at or below the federal poverty level, complete form ARTX 2012.
- For each adult you are filing for, enter their information above. If they do not have an email address, you may leave that space blank. Providing an email address allows the Revenue Bureau to send an electronic notice next year to remind you to file. Electronic notices are the only notices that will be sent in future tax years.
- To determine if an adult is an "income earner", all income is considered, regardless of amount, whether it is taxable or non-taxable. Income can be from wages, self-employment, investments, rentals, retirement (including Social Security), disability, unemployment, spousal/child support or any other source.
- Make any checks payable to "City of Portland".
